Dear Makenzie Health Staff,

I am writing this letter to thank you for all that you've done during the Covid 19 pandemic.

I read in the news that the hospital has been overwhelmed since the start of the second wave of the Covid-19 virus. I feel bad that so many sick people are going to the hospital and that you all put your lives at risk to take care of these sick people. I know that you can make it and people all over the world can make it through Covid-19 no matter what's in our way.

I know that the staff at the hospital test people for Covid-19. This helps to control the spread of the virus. We are thankful for this work. In addition, thank you for vaccinating a lot of people, such as personal support workers and other vulnerable people in nursing homes. It is important to vaccinate people because people infected can get sick and die. Vaccines help fight the virus and stop the spread of the virus.

I hope that in the future Covid-19 will be behind us and that you all will be safe and happy again.

We thank you for everything that you do.

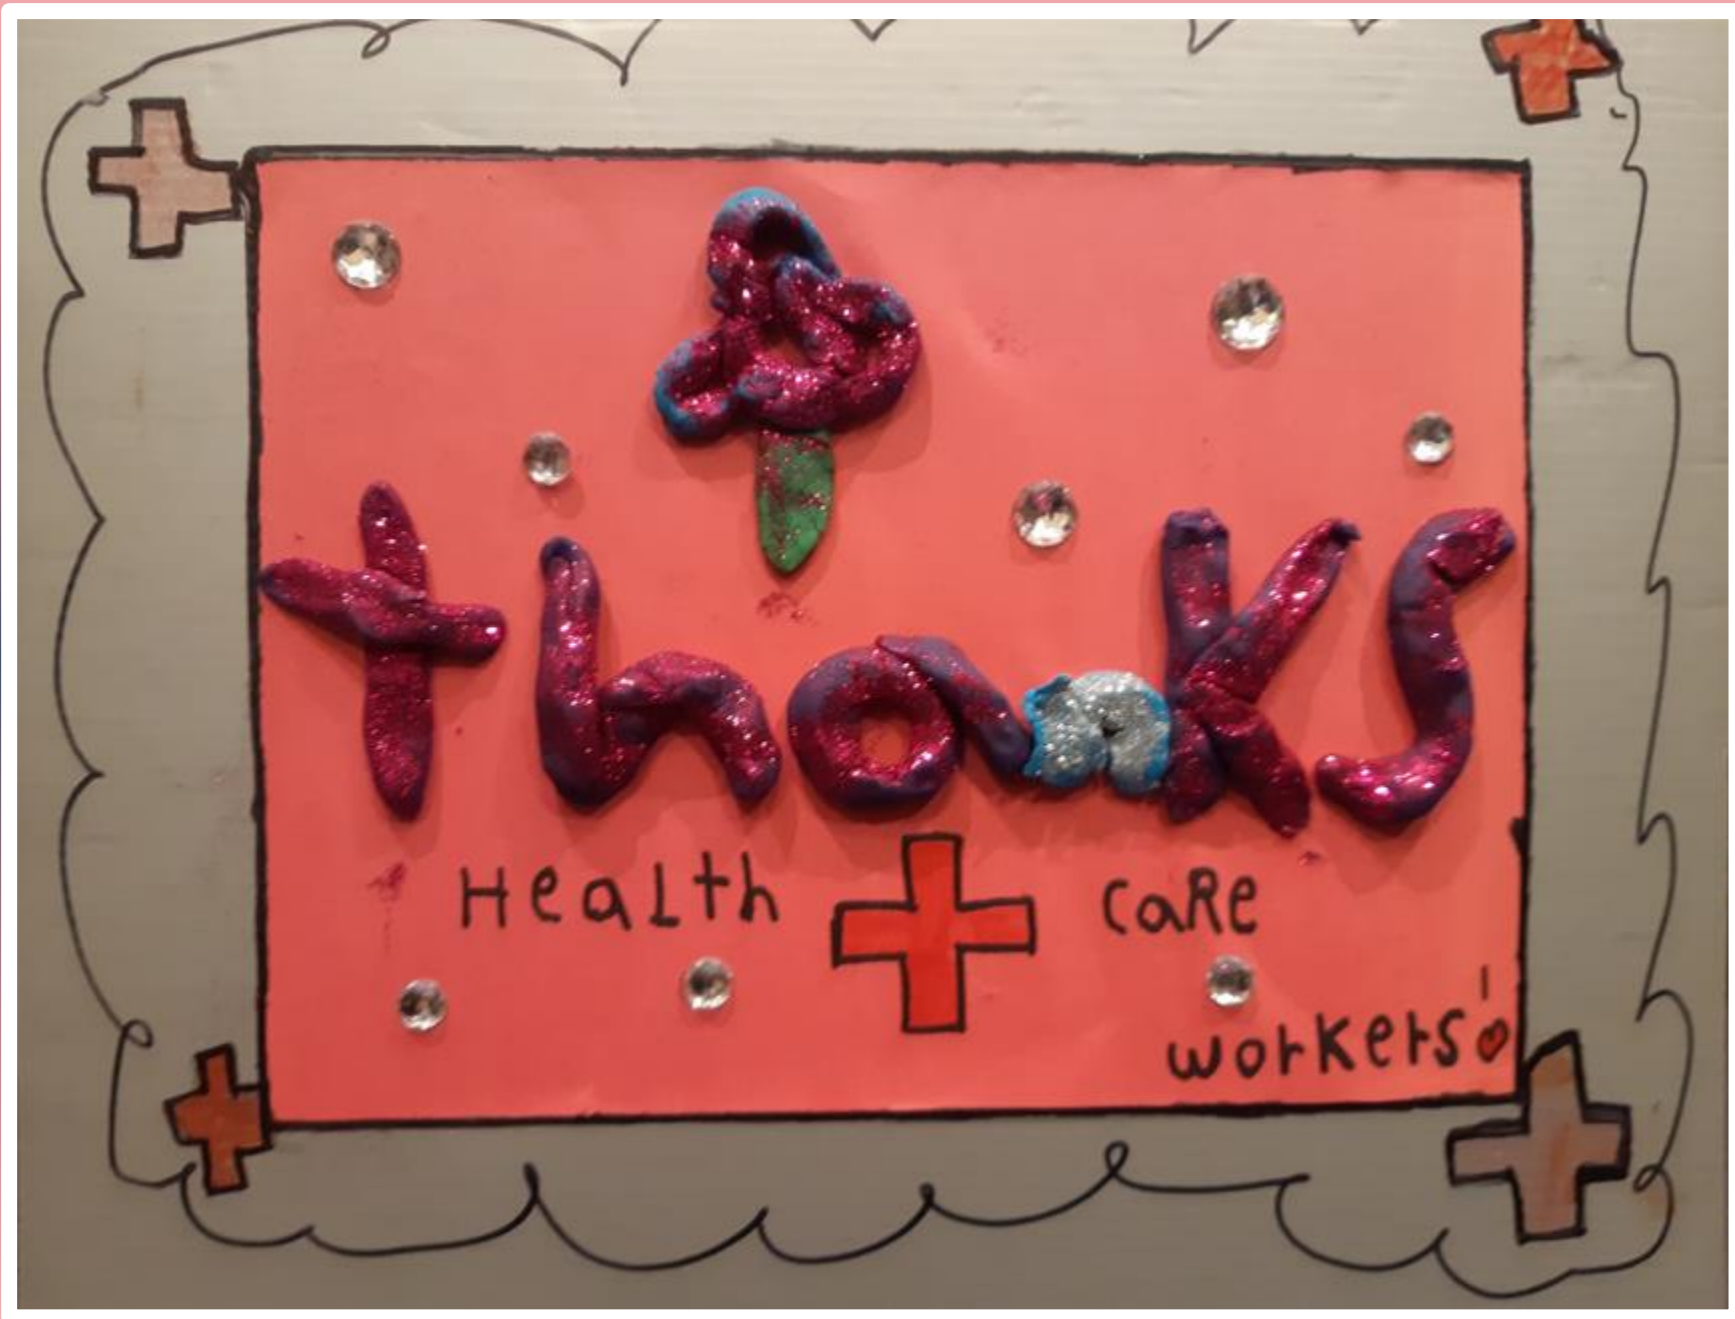

Love, David Barrila

A photograph of a sunset over a mountain range. The sky is filled with soft, wispy clouds in shades of blue, purple, and pink. The sun is low on the horizon, creating a bright glow. The mountains in the foreground are silhouetted against the colorful sky. The text 'Thank You' is written in a large, elegant, black serif font across the center of the image.

Thank You Frontline workers! 🌟🌟🌟

Healthcare Heroes, I thank you. Keeping us safe is what you do. Even though I'm bored, I'm safe inside. You save lives and work in stride. Just so you know how much it means, I'll promise I'll always eat my greens. Please know that we love you and always say, "Because of you we always kept the virus away."

A sunset scene with a tree and a large heart-shaped graphic. The sky is a mix of orange, red, and purple. A large, semi-transparent heart shape is overlaid on the sky, with a fine grid pattern. The text "Thank You!" is centered in white. Below it, the text "For all the hard work you do for us!" is also centered in white. In the bottom left, there is a solid red heart. In the bottom right, there is a smaller image of a person holding a glowing red heart.

Thank You!

For all the hard work you do for us!

A close-up photograph of a vibrant orange flower with a yellow center, set against a blurred green background. The flower is the central focus, with its many petals radiating outwards. The background is a soft, out-of-focus green, suggesting foliage. The overall mood is bright and positive.

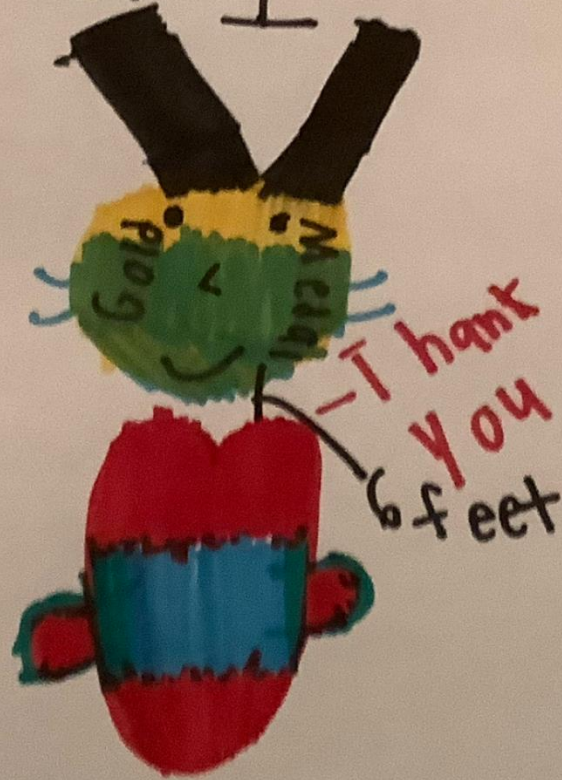

Dear First Responders,

Thank you so much for being there for us.

I wish you a great life and happy life!

Frontline Workers Poem By Daniel Al

The sun shines, The grass grows,
And there is a hospital, On the other side of the road.

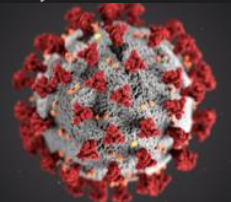

Inside the hospital, There are doctors on the move, Let's look at the  guy,
His name, we have no clue.

He don't have that much dough He is just an average Joe.
But his life has changed forever, And eventually he'll know.

All of this started, When COVID struck,
He felt that nobody deserved this, And this pandemic was terrible luck.

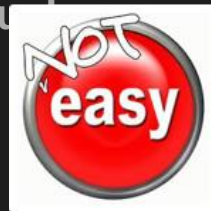

So, he decided to fight, This terrible virus,
But he didn't tell anyone, He kept in sile

He was a doctor, That is true,
But this virus is tough, And still very ne

Still every single day, When he woke up,
He helped the many people, Who COVID struck

It wasn't easy, It wasn't fun,
But it was totally worth it, In the long run.

This guy is a hero, And we all know it.
There are plenty like him, Eventually they will show it!

Thank you front line
workers! Stay safe.^^
